**\$ 3.3B**  
Raised For WEB3  
Games in 2021

**7 Hours**  
Average Player  
Spends Gaming  
Weekly

**3 Billion**  
Gamers Globally

**\$ 200B**  
TOTAL ADDRESSABLE  
MARKET (TAM)

# BUSINESS MODEL

Our business model revolves around **earning commissions** from each game played, amounting to **8% of the transaction**. When players emerge victorious, they receive 80% of the pot as their winnings. To foster a thriving ecosystem, we redistribute 12% of the pot back into the game through rewards.

## ADDITIONAL REVENUE STREAMS FOR THE FUTURE

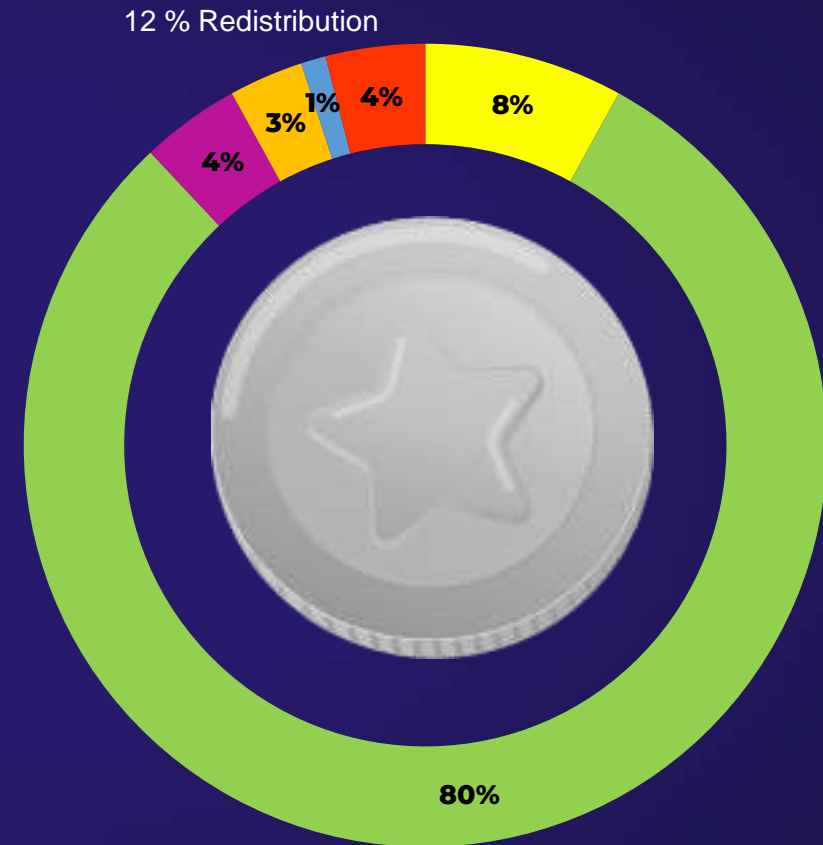

NFT Collections

Unique Active wallets (UAW) over the last 30 days

120K

# HIT ZONE

## Association Projects

to initiate a "green" movement in favor of the environment  
1% of Hit Zone revenues will be donated to our future  
association

To reduce energy  
consumption by financing  
energy-efficient blockchains

Use surplus energy  
for mining

Support and finance  
ecological projects

The aim is to rally as many blockchain projects as possible to this cause, and we already have two other potential projects that would like to join the movement
